** To avoid loss of identification of source and ownership of each sample, please ensure each sample is clearly labeled. Should the bird's owner prove that Curtin University has provided an erroneous test result, the bird owner is entitled to have either a refund/credit of the amount paid to Curtin University for the testing or a re-test free of charge. In no event shall Curtin University, or its employees, be liable for incidental, consequential, special or other damages of any nature, even if Curtin University has been advised of the possibility of such damage. The DNA test performed has an accuracy greater than 99% but the accuracy depends upon the sample and information supplied by the owner.*

I/We hereby agree to the terms and conditions set out above and confirm the information I/We have given is correct.
